

Monye M. Connolly

President

Blue Cross and Blue Shield of Georgia

Blue Cross and Blue Shield of Georgia is honored to be hosting the 2008 US-Israel Telehealth Business Exchange. We would like to extend a warm Atlanta welcome to all our guests.

Through a unique partnership with the Office of Insurance and Safety Fire Commissioner, Blue Cross and Blue Shield of Georgia launched an innovative telehealth program in 2004 for the rural citizens of Georgia. This initiative has grown continually over the last four years, and is now the most extensive telehealth network in the nation.

The telehealth program has been instrumental in allowing us to meet our mission of improving the lives of the people we serve and the health of our communities. This program affords rural areas in Georgia the same quality healthcare enjoyed by residents in the metropolitan area. We are proud to cover more than 3 million Georgians today.

Best wishes for a productive meeting and successful business exchange.

Sincerely,
